The audit is recorded

somehow via writing or on a computer or via software. You document your findings, and keep track of it. Periodic - This means the audits are done regularly, not just one time. This is subjective as your audits could be bi-annually, annually, every other year, every 5 years, etc. What is an Environmental Audit? During your residential energy audit the surveyor should explore all the options, not just the glamorous high cost ones. If it's possible to reduce your bills on a small budget, then that's the first suggestion they should look at. It doesn't always make sense to spend lots money on the more expensive technologies. Residential Energy Audit - Eco-Home-Essentials.co.uk Auditing is the process of investigating information that's prepared by someone else — such as a company's financial statements — to determine whether the information is fairly stated and free of material misstatement. Having a certified public accountant (CPA) perform an audit is a requirement of doing business for many companies because of regulatory- or [...]
